Canadian Psychology has a mandate to present generalist articles in areas of theory, research, and practice that are potentially of interest to a broad cross-section of psychologists. Manuscripts with direct relevance to the context of Canadian psychology are also appropriate for submission. Original, empirical contributions **may be considered if** the research is of direct relevance to the discipline as a whole (e.g., a survey of psychologists about the future of the discipline).

Canadian Psychology is a journal of the Canadian Psychological Association (CPA) published with grant support from the Social Sciences and Humanities Research Council of Canada (SSHRC).

The opinions expressed are strictly those of the authors and do not necessarily reflect the opinions of the Canadian Psychological Association, its officers, directors, or employees.

Canadian Psychology is published quarterly (February, May, August, November) in one volume per year on behalf of the Canadian Psychological Association by the Educational Publishing Foundation of the American Psychological Association (APA), 750 First Street, NE, Washington, DC 20002-4242. Subscriptions are available on calendar year basis only (January through December). The 2014 rates are as follows: *Individual in Canada*: CDN\$119 + GST/HST. *Nonmember individual*: US\$133 Domestic, \$162 Foreign, \$175 Air Mail. *Institutional (in Canada)*: CDN\$289 + GST/HST. *Institutional (in US)*: US\$360 Domestic, \$409 Foreign, \$424 Air Mail. *APA Member*: \$92. *Student Affiliate*: \$92. Write to EPF/APA Subscriptions Department, 750 First Street, NE, Washington, DC 20002-4242; subscriptions@apa.org. Printed in U.S.A.

Psychologie canadienne a pour mandat de publier des articles d'intérêt général dans le domaine de la théorie, de la recherche et de la pratique, susceptibles d'intéresser un vaste ensemble représentatif de psychologues. La revue publie également des articles qui portent plus précisément sur le domaine de la psychologie au Canada. Les articles inédits sur des recherches empiriques pourraient être publiés si l'étude présentée porte sur la discipline en général (par ex., une enquête auprès des psychologues sur l'avenir de la psychologie).

Psychologie canadienne est une revue de la Société canadienne de psychologie (SCP) publiée avec l'aide financière du Conseil de recherche en sciences humaines du Canada (CRSH).

Les opinions exprimées sont strictement celles des auteurs et ne reflètent pas nécessairement les opinions de la Société canadienne de psychologie, ses représentants, directeurs ou employés.

Psychologie canadienne paraît quatre fois par année (février, mai, août, novembre) et est regroupée en un volume par année. La revue est publiée pour le compte de la Société canadienne de psychologie par l' Educational Publishing Foundation de l' American Psychological Association (APA), 750 First Street, NE, Washington, DC 20002-4242. Abonnements d'un an seulement (de janvier à décembre). Les tarifs de 2014 sont les suivants : *Particulier au Canada* : 119 \$ + TPS / TVH. *Non-membre aux États-Unis* : 133 \$ (local), 162 \$ (étranger), 175 \$ (par avion). *Institution au Canada* : 289 \$ + TPS / TVH. *Institution aux États-Unis* : 360 \$ US (local), 409 \$ (étranger), 424 \$ (par avion). *Membre de l'APA* : 92 \$. *Student Affiliate* : 92 \$. Écrire au EPF/APA Subscriptions Department, 750 First Street, NE, Washington, DC 20002-4242; subscriptions@apa.org. Imprimé aux États-Unis.

76th Annual Convention Congrès annuel

INTRODUCTION TO ABSTRACT ISSUE

The Special Convention Issue of *Canadian Psychology* has been prepared as a permanent record of the 76th Annual Convention of the Canadian Psychological Association, in partnership with the Ontario Psychological Association, to be held June 4 – 6, 2015 at the Westin Ottawa Hotel, Ottawa, Ontario. The Convention presentations are listed in chronological order. The journal is tabbed in thirds: one each for presentations on Thursday, Friday and Saturday. All papers relevant to a particular presentation are printed together, a summary of a symposium is given, then the papers within are listed “Sy-A,B,C”.

Digital Poster Sessions are grouped by CPA sections, numbered and listed, Session “A” 1 to 4 and Session “B” 1 to 6, etc. Posters for each day will be on display at the time specified in this publication. The subject index is given according to the “word entry” provided by the author. It can be found, together with the author index, at the back of the book.

Traditional Poster Sessions are grouped by CPA sections, numbered and listed, Session “A” 1 to 125 and Session “B” 1 to 94, etc. Posters for each day will be on display at the time specified in this publication. The subject index is given according to the “word entry” provided by the author. It can be found, together with the author index, at the back of the book.

This special issue was organized, produced and edited by the CPA Convention department: Kathy Lachapelle-Pétrin, Convention Manager and the CPA Head Office staff.

Design: Raymond Léveillé

PRÉAMBULE AU NUMÉRO DES RÉSUMÉS

Le numéro spécial du congrès de *Psychologie canadienne* a été préparé dans le but d’offrir un compte rendu permanent du 76^e Congrès annuel de la Société canadienne de psychologie, en partenariat avec L’Ontario Psychological Association, qui aura lieu du 4 au 6 juin 2015, à l’hôtel Westin Ottawa, Ottawa (Ontario). Les présentations faites au cours du congrès sont inscrites par ordre chronologique. Ce manuel est divisé en trois parties: une pour chacune des journées - jeudi, vendredi et samedi. Tous les exposés se rapportant à une présentation en particulier sont groupés, c’est-à-dire que l’on présente le sommaire d’un symposium, et les exposés s’y rattachant « Sy-A,B,C » suivent.

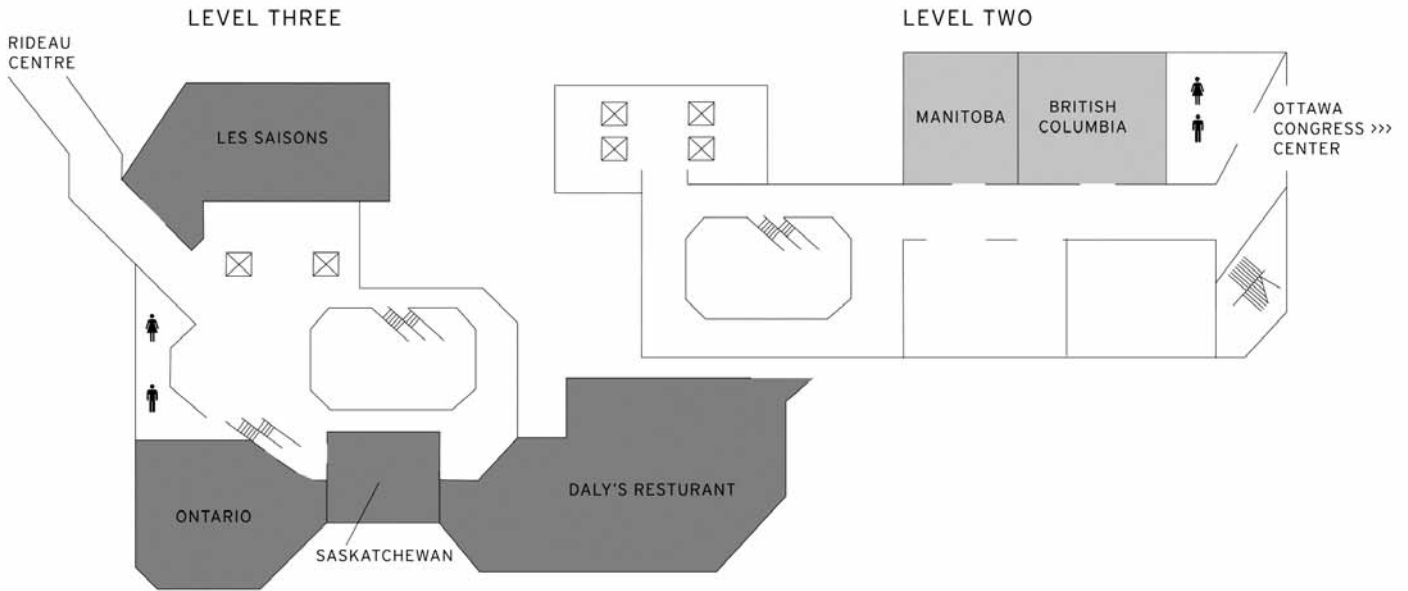

Les sessions de présentations par affichage numérique sont identifiées, par exemple, « Session A », et est suivie des numéros 1 à 4 et « Session B » suivie des numéros 1 à 6. Les affiches seront exposées chaque jour selon les heures indiquées dans cette publication. L’index par sujets a été établi selon le mot-clef fourni par l’auteur. Celui-ci se trouve à la fin du livre avec l’index par noms d’auteur.

Les sessions de présentations par affichage sont identifiées, par exemple, « Session A », et est suivie des numéros 1 à 125 et « Session B » suivie des numéros 1 à 94. Les affiches seront exposées chaque jour selon les heures indiquées dans cette publication. L’index par sujets a été établi selon le mot-clef fourni par l’auteur. Celui-ci se trouve à la fin du livre avec l’index par noms d’auteur.

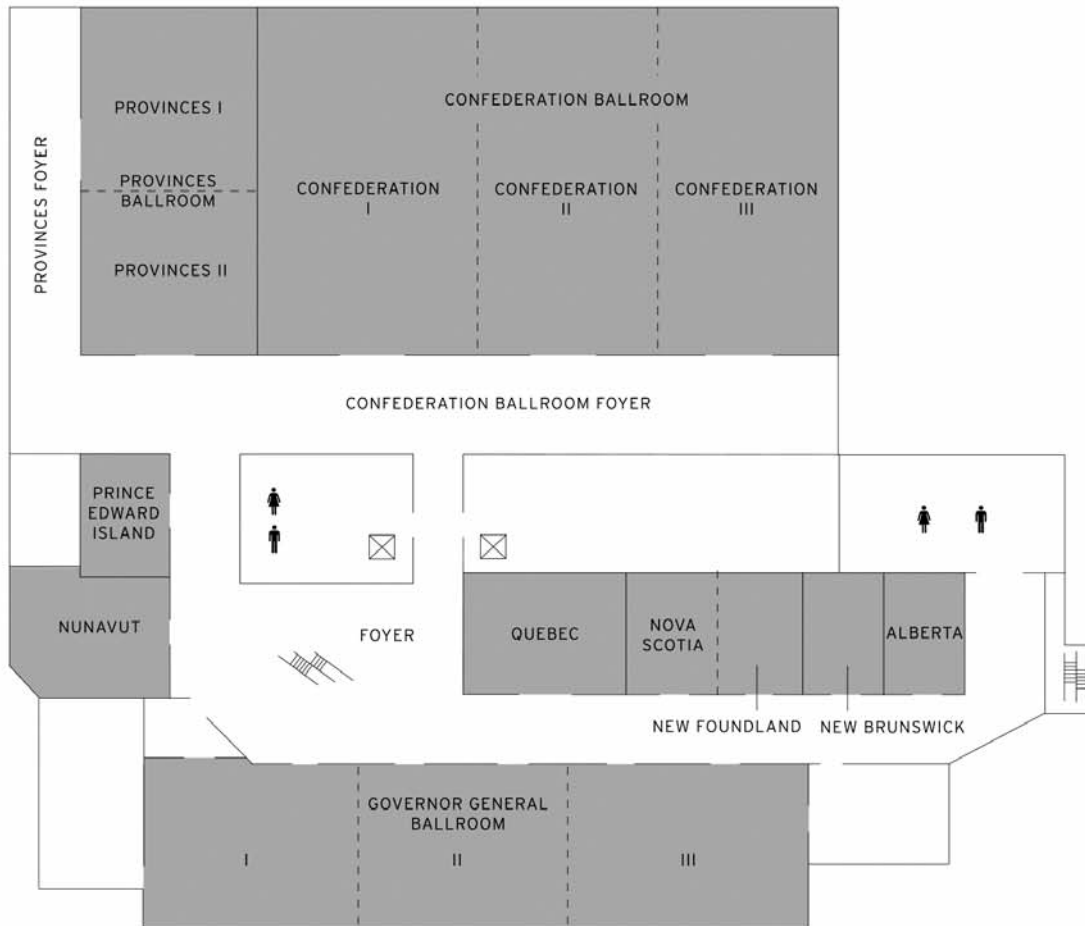

Ce numéro spécial a été préparé, produit et édité au siège social, grâce aux efforts conjugués du département des congrès à la SCP, soit par Kathy Lachapelle-Pétrin, directrice des congrès et le personnel du siège social.

Production : Raymond Léveillé

Evaluate Attention Disorders and Neurological Functioning Across the Lifespan.

CONNERS K-CPT 2™

Conners Kiddie Continuous Performance Test 2nd Edition™

CONNERS CPT 3™

Conners Continuous Performance Test 3rd Edition™

CONNERS CATA®

Conners Continuous Auditory Test of Attention®

For Ages 4 to 7

7.5 minutes to complete and uses pictures of objects familiar to young children.

MHS.com/KCPT2

For Ages 8+

A task-oriented computerized assessment of attention-related problems.

MHS.com/CPT3

For Ages 8+

Assesses auditory processing and attention-related problems.

MHS.com/CATA

Now available! Develop a comprehensive evaluation using the gold standard in CPT assessment with the Conners CPT 3™, an auditory test of attention with the Conners CATA®, and the Conners K-CPT 2™ now with an expanded age range.

- Easy interpretation with new reports offering clear visuals & summaries.
- Trusted results with the most representative CPT normative samples collected.
- New scores were developed to help pinpoint the exact nature of the child or adult's attention problems.

Earn Continuing Education (CE) Credits with the Conners CPT 3/CATA/K-CPT 2.

It is easy to earn CE credits quickly and online. Just study the manual, pass the online questionnaire, and a certificate is created for you! [Learn more at MHS.com/CE](http://MHS.com/CE)

Structural Equation Modeling Has Never Been Easier! New EQS Version 6.3

Why Use EQS?

EQS is the only Structural Equation Modeling (SEM) program to provide new accurate statistics for non-normal data.

EQS' comprehensive data management capabilities allows users to work with data without having to use other programs such as SPSS®. Imports SPSS files.

EQS tests the full range of SEM including latent regression, confirmatory factor analysis, structured means, multiple population, latent growth curve, multilevel analysis, correlation structure & categorical data models.

EQS' improved DIAGRAMMER makes model setup easy without use of command language or knowledge of matrix algebra! Yet, commands can be used and are useful for new features.

EQS is preferred by thousands of researchers worldwide providing them with a wide range of easy to use statistical and data exploration tools.

New EQS 6.3 Features

- Nesting and Equivalence Tests
- Automatic Difference Tests
- Exploratory Factor Analysis (with Parallel Analysis & Bifactor Rotation)
- Smoothing a Correlation Matrix
- New Categorical Data Handling Options
- New Formula for Robust RMSEA
- Satorra-Bentler Mean and Variance Adjusted Test Statistic
- Robust Statistics for Clustered Data

Download a FREE Demo at:
