Recovery is possible

For people living with mental health problems or illnesses, recovery is not only possible but should be expected, regardless of diagnosis or situation.

Hope. Dignity. Inclusion.

Together, we can transform our system of care to support recovery for countless Canadians in need.

Le rétablissement est possible

Pour les personnes aux prises avec des problèmes de santé mentale ou des maladies mentales, le rétablissement n'est pas seulement possible : il devrait être attendu, peu importe le diagnostic ou les circonstances.

Espoir. Dignité. Citoyenneté.

Ensemble, nous pouvons transformer notre système de soins pour favoriser le rétablissement d'innombrables Canadiennes et Canadiens qui en ont besoin.

PRIME MINISTER • PREMIER MINISTRE

June 9-11, 2016

Dear Friends:

I am delighted to extend my warmest greetings to everyone attending the 77th annual convention of the Canadian Psychological Association (CPA).

This annual meeting provides CPA members with an excellent opportunity to share their knowledge and best practices, meet colleagues face to face, and hear from leading experts in the field. With a varied program of learning activities that includes workshops, plenary sessions and symposia, this event is sure to leave delegates inspired and motivated.

I would like to commend the CPA for its commitment to promoting excellence in psychological research, education and practice. Your members play a leading role in supporting the mental well-being of Canadians. Our government is committed to destigmatizing mental health problems and in providing improved access to mental health services. When Canadians are in good mental health, they are able to be more productive while living healthier, happier lives.

Please accept my best wishes for an enjoyable and productive meeting in Victoria.

Sincerely,

The Rt. Hon. Justin P.J. Trudeau, P.C., M.P.
Prime Minister of Canada

PRIME MINISTER · PREMIER MINISTRE

Du 9 au 11 juin 2016

Chères amies, chers amis,

Je suis heureux de présenter mes salutations les plus chaleureuses à celles et ceux qui assistent au 77^e Congrès annuel de la Société canadienne de psychologie (SCP).

Cette rencontre annuelle est une excellente occasion pour les membres de la SCP d'échanger leurs connaissances et leurs pratiques exemplaires, de rencontrer des collègues en personne et d'écouter des experts du domaine. Cet événement, qui comporte un programme varié d'activités d'apprentissage dont des ateliers, des séances plénières et des symposiums, ne manquera pas d'inspirer et de motiver les délégués.

Je tiens à féliciter la SCP pour son engagement à promouvoir l'excellence en recherche, en enseignement et en pratique relativement à la psychologie. Vos membres jouent un rôle de premier plan en appuyant le bien-être mental de la population canadienne. Notre gouvernement s'est engagé à déstigmatiser les problèmes de santé mentale et à fournir un meilleur accès aux services de santé mentale. Les Canadiens qui jouissent d'une bonne santé mentale, sont plus productifs et mènent une vie plus saine et plus heureuse.

Je vous souhaite une réunion des plus agréables et productives à Victoria.

Cordialement,

A Message from Premier Christy Clark

As Premier of the Province of British Columbia, I am pleased to welcome the delegates of the 2016 Canadian Psychological Association Convention at the beautiful, historic Fairmont Empress Hotel in Victoria. This is a fabulous location for your 77th Annual gathering.

Through your discussions around current practices, getting informed on the latest research, listening to the designated speakers, and networking with one another on matters relating to the field of psychology, this will no doubt be a great educational experience for each of you. I commend you for your commitment to your profession and I wish you all the best in your deliberations.

I also hope you will have an opportunity to enjoy the sights and sounds of all that our capital city has to offer such as whale watching tours, wandering through our unique downtown, Chinatown and area neighbourhoods, as well as enjoying some of the many entertainment and recreational options, and the many nearby incredible boutiques, cafés and restaurants.

Welcome to Victoria and I wish you a most successful Convention!

Sincerely,

A handwritten signature in blue ink that reads "Christy Clark".

Christy Clark
Premier

Greetings from Mayor Lisa Helps

On behalf of the City of Victoria, it is my great pleasure to welcome you to British Columbia's Capital City for the 2016 Canadian Psychological Association's 77th Annual National Convention. We are honoured to host professionals from across the country, collaborating on the continued good health of our nation.

While you are in Victoria, I hope you will take some time to explore our beautiful city. Put on your walking shoes and enjoy the sights and tastes of downtown and terrific surrounding neighbourhoods and village centres. Enjoy our picturesque Inner Harbour, Fisherman's Wharf, waterfront paths, local shops and some of the best food, beer and coffee in the country. Make sure to wander through Canada's oldest Chinatown, and our charming Old Town district.

I wish you all the best for an enjoyable annual convention filled with new knowledge, friendship and memories. I hope that your time in Victoria will be so memorable that we will soon welcome you for a return visit!

Sincerely,

A handwritten signature in black ink that reads 'L. Helps'.

Lisa Helps
Victoria Mayor

Greetings from CPA President, E. Kevin Kelloway, PhD.

June 9 – 11, 2016

Dear Colleagues;

As President of the Canadian Psychological Association is my great pleasure to welcome you to Victoria and the 77th annual convention of the association. The annual meeting of CPA is our time to reconnect with colleagues, hear about new research findings and participate in lively discussions.

As you will note, the convention format has been redesigned. Some new features have been introduced and other, more longstanding, features of the convention have been refreshed. Our convention staff and planning committee have worked hard to respond to feedback from previous conventions in order to make this year's meeting in Victoria the best ever.

Despite a packed agenda – do try to make some time to see the lovely city of Victoria. And don't forget to attend the Annual General Meeting (AGM) of the association where we will be announcing an expansion of our member benefits.

Enjoy the conference!

Sincerely,

A handwritten signature in blue ink, appearing to read 'E. Kelloway'.

E. Kevin Kelloway, PhD.
President

NEW THIS YEAR

COLOUR CODED PRESENTATION LISTINGS

We've completely redesigned the CPA Convention Program to help our delegates avoid the frustration and challenges associated with having to navigate through a program that consists of more than 850 presentations that span over the 30 subject matter areas represented by specific CPA Sections. Understanding that some of those areas are interconnected, some have parallels, and some are unique in their own right, we've come up with a system that we believe will help you navigate the program more efficiently. By clustering all the CPA subject matter areas, assigning each cluster a colour, then labeling the presentations with their corresponding colours, we believe we've made it a whole lot easier for you to find the presentations that are most likely of interest to you.

HOW TO USE THE COLOURS TO PLAN YOUR DAY:

Determine the one or more CPA Sections and/or subject matter areas that you wish to follow at the Convention, identify which “cluster colour” they are included in (see below), then explore the multitude of sessions that each “cluster colour” has to offer. Pick more than one colour, and you can experience the depth and breadth that is our discipline and profession today. All presentations are listed in chronological order and each listing includes the title and authors of the presentation.

Cluster Colours	CPA Sections / Subject Matter Areas	
Blue	<ul style="list-style-type: none"> Addiction Clinical Clinical Neuropsychology Counselling 	<ul style="list-style-type: none"> Electrophysiology Health Psychopharmacology Traumatic Stress

GENERAL INFORMATION

Delegates are invited to download the full CPA Convention Program at www.cpa.ca/convention, then print only the pages that apply to them. The subject index, populated according to the “key words” provided by each author, can be found at the back of the full Convention Program (available for download in PDF format only). As one of several “green meeting” initiatives intended to lower the environmental impact of its National Convention, the CPA no longer provides printed copies of the full Convention Program (Abstract Book). All registered delegates will be provided with an abridged version called the “Program At-a-Glance”.

NOUVEAUTÉ CETTE ANNÉE :

IDENTIFICATION DES PRÉSENTATIONS PAR COULEUR

Nous avons entièrement repensé le programme du congrès de la SCP pour éviter aux délégués la frustration et les difficultés associées au fait d'avoir à parcourir un programme, qui compte plus de 850 présentations couvrant plus de 30 domaines, représentés par les sections de la SCP. En tenant compte du fait que certains de ces domaines sont interconnectés, que certains autres sont comparables et que d'autres sont uniques, nous avons imaginé un système qui, d'après nous, vous aidera à parcourir le programme plus efficacement. En regroupant tous les domaines couverts par la SCP, en attribuant une couleur à chaque groupe de sujets, puis en identifiant les présentations avec la couleur correspondante, nous avons bon espoir de vous faciliter la tâche lorsque vous chercherez les présentations qui sont les plus susceptibles de vous intéresser.

COMMENT UTILISER LES COULEURS POUR PLANIFIER VOTRE JOURNÉE :

Déterminez la ou les sections de la SCP et/ou les domaines que vous voulez suivre au congrès, trouvez le code de couleur du groupe auxquels ils appartiennent (voir ci-dessous), puis parcourez les innombrables séances que chaque groupe, identifié par une couleur particulière, propose au congrès. Sélectionnez plus d'une couleur, et faites l'expérience de la profondeur et de l'étendue de notre discipline et notre profession. Toutes les présentations sont répertoriées par ordre chronologique, et chaque entrée comprend le titre et les auteurs de la présentation.

INFORMATIONS GÉNÉRALES

Les délégués sont invités à télécharger le programme complet du congrès à www.cpa.ca/convention, puis d'imprimer seulement les pages qui les intéressent. L'index par sujet, rempli à l'aide des « mots clés » fournis par chaque auteur, se trouve au verso du programme du congrès (disponible pour téléchargement en format PDF uniquement). Conformément à son objectif de réduire l'impact environnemental de ses réunions, la SCP ne fournit plus de copies imprimées du programme du congrès (le livre des résumés). Tous les délégués inscrits recevront une version abrégée, appelée « Aperçu du programme ».

Canadian Psychology publishes generalist articles in areas of theory, research, and practice that are of interest to a broad cross-section of psychologists. Manuscripts with direct relevance to the context of Canadian psychology are also appropriate for submission. Original, empirical contributions are welcome if the research is of direct relevance to the discipline as a whole (e.g., a survey of psychologists about the future of the discipline or about their practice) or if they present the results of a systematic review (including meta-analyses) or other forms of reviews. Reviews are particularly welcome.

Canadian Psychology is a journal of the Canadian Psychological Association (CPA) published with grant support from the Social Sciences and Humanities Research Council of Canada (SSHRC).

The opinions expressed are strictly those of the authors and do not necessarily reflect the opinions of the Canadian Psychological Association, its officers, directors, or employees.

Canadian Psychology is published quarterly (February, May, August, November) in one volume per year on behalf of the Canadian Psychological Association by the Educational Publishing Foundation of the American Psychological Association (APA), 750 First Street, NE, Washington, DC 20002-4242. Subscriptions are available on calendar year basis only (January through December). The 2016 rates are as follows: Individual in Canada: CDN\$119 + GST/HST. Nonmember individual: US\$133 Domestic, \$162 Foreign, \$175 Air Mail. Institutional (in Canada): CDN\$289 + GST/HST. Institutional (in US): US\$430 Domestic, \$479 Foreign, \$494 Air Mail. APA Member: \$94. Student Affiliate: \$94. Write to EPF/APA Subscriptions Department, 750 First Street, NE, Washington, DC 20002-4242; subscriptions@apa.org. Printed in U.S.A.

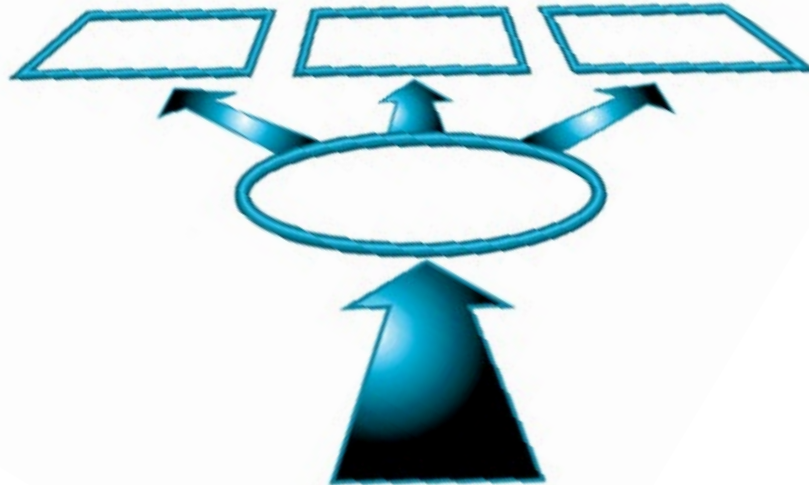

Psychologie canadienne publie des articles généralistes, qu'ils soient théoriques, empiriques, ou cliniques, qui sont d'intérêt pour les psychologues. Les articles abordant directement la psychologie dans le contexte canadien sont également appropriés pour la revue. Les articles scientifiques originaux sont aussi acceptés dans la mesure où les recherches présentées sont d'intérêt pour une part importante des psychologues (par exemple, une enquête auprès des psychologues sur l'avenir de la discipline ou sur l'état de leur pratique) ou s'ils présentent les résultats d'une revue systématique (y compris d'une méta-analyse) ou d'autres formes de synthèses. Les synthèses de connaissance sont particulièrement sollicitées.

Psychologie canadienne est une revue de la Société canadienne de psychologie (SCP) publiée avec l'aide financière du Conseil de recherche en sciences humaines du Canada (CRSH).

Les opinions exprimées sont strictement celles des auteurs et ne reflètent pas nécessairement les opinions de la Société canadienne de psychologie, ses représentants, directeurs ou employés.

Psychologie canadienne paraît quatre fois par année (février, mai, août, novembre) et est regroupée en un volume par année. La revue est publiée pour le compte de la Société canadienne de psychologie par l' Educational Publishing Foundation de l' American Psychological Association (APA), 750 First Street, NE, Washington, DC 20002-4242. Abonnements d'un an seulement (de janvier à décembre). Les tarifs de 2016 sont les suivants : Particulier au Canada : 119 \$ + TPS/TVH. Non-membre aux États-Unis : 133 \$ (local), 162 \$ (étranger), 175 \$ (par avion). Institution au Canada : 289 \$ + TPS/TVH. Institution aux États-Unis : 430 \$ US (local), 479 \$ (étranger), 494 \$ (par avion). Membre de L'APA : 94 \$. Écrire au EPF/APA Subscriptions Department, 750 First Street, NE, Washington, DC 20002-4242; subscriptions@apa.org. Imprimé aux États-Unis.

Structural Equation Modeling Has Never Been Easier! New EQS Version 6.3

Why Use EQS?

EQS is the only Structural Equation Modeling (SEM) program to provide new accurate statistics for non-normal data.

EQS' comprehensive data management capabilities allows users to work with data without having to use other programs such as SPSS®. Imports SPSS files.

EQS tests the full range of SEM including latent regression, confirmatory factor analysis, structured means, multiple population, latent growth curve, multilevel analysis, correlation structure & categorical data models.

EQS' improved DIAGRAMMER makes model setup easy. Use of command language and knowledge of matrix algebra are no longer necessary!

EQS is preferred by thousands of researchers worldwide providing them with a wide range of easy to use statistical and data exploration tools.

New EQS 6.3 Features

- Nesting and Equivalence Tests
- Automatic Difference Tests
- Exploratory Factor Analysis (with Parallel Analysis & Bifactor Rotation)
- Smoothing a Correlation Matrix
- New Categorical Data Handling Options
- New Formula for Robust RMSEA
- Satorra-Bentler Mean and Variance Adjusted Test Statistic
- Robust Statistics for Clustered Data
